Husband Beats The Crap Out of You! No divorce for you!

Your Husband Can
Beat The Crap Out Of
You & You Can't Get
Divorced

It's stupid!

Your legislators, yes,
the guy or girl that

You'll get all kinds of
excuses, such as, "I'm
not on that committee."
or some other non-
sense.

Yes, if you
live here in
Mississippi,
your husband
can beat the
living crap
out of you
and you can't
get a divorce.

But, in the end, it's all
excuses.

So the bill in the legis-
lature to allow you to
get a divorce if your
husband beats the crap
out of you died in com-
mittee.

You are stuck with
proving what Judges
call "habitual cruel and
inhuman treat-
ment." (This is a LOT
harder to prove and an-
other one of the areas I
write about). (Cont. on
Page 2)

As I've said
repeatedly in
this newsletter, why in
the heck do you keep
voting for the same
people?

lives down the street or
even next door to you
are the ones who are
okay with this happen-
ing.

Cocoa’s Corner

Thank God it is getting
nice and warm so I can
hang out without freez-
ing my rear-end off
outside.

I was glad it was a mild
winter.

Now, the NFL Draft is
coming up and I know
Jay will be excited to
see if the Saints get a
good player. If they
do, I’ll probably get a
good snack!

Your Husband Beats The Crap Out Of You! (Continued from page 1)

So, the question is, are you going to vote for the same person for the state senate and legislature?

I wouldn't and I suggest you don't either.

So you can look like you got hit by a bus and your state legislators don't care.

Yes, it is the same legislator that says they are you buddy

or claims to be holier than thou and has all these "family values."

Baloney.

The only values they seem to have is how can they get what they want and screw everyone else.

So I have this question for you:

What are you going to do about it??????

I Handle Divorces Now! Call If I Can Help

I've gotten so many calls and emails about bad divorce lawyers that I felt I just had to get involved and help people.

So now, I handle divorces and child custody cases.

If you know someone that needs my help, please have them call me at 228-872-6000.

The complaints I've gotten about bad divorce lawyers seem to have increased a lot lately.

What I don't understand about lawyers is why the heck lawyers treat clients so badly.

I just got a client because the lawyer would routinely hang up the phone on the client!

I don't understand this.

Now, if someone starts cursing at me or accuses me of doing something improper, I suppose I might hang up the phone on them.

But, this client had done nothing like that.

He just wanted to know what was going on with his case.

That's a simple request.

Instead of telling him this, the lawyer hangs up the phone on him!

The client then calls me and says, I don't want to get treated like that by anybody.

Lawyers have no idea how to treat customers and they wonder why they are hated.

It's also why I have ELIMINATED phone tag for you.

You can set your own phone appointment or office meeting with me 24 hours a day, 7 days a week. This way we don't do the dreaded phone tag that I hate and I know you hate.
